Deafness Cannot be Cured
by local applications, as they cannot reach the
inflamed portion of the ear. There is only one way to
cure deafness, and that is by constitutional reme-
dies. Deafness is caused by an inflamed condi-
tion of the mucous lining of the Eustachian tube.
When this tube is inflamed you have a rumbling
sound or imperfect hearing, and when it is entirely
closed, deafness is the result, and unless the in-
flammation can be taken out, and the tube re-
turned to its normal condition, hearing will be
destroyed forever; hence a cure of deafness is
caused by Catarrh, which is nothing but an inflamed
condition of the mucous surfaces.
We will give One Hundred Dollars for any case
of deafness (caused by catarrh) that cannot be
cured by Hall's Catarrh Cure. Send for circulars
free.

PRESIDENT TAFT

Will Make Important Lincoln Day
Speech in New York

President Taft will make before the Repub-

dency.

It is said the President's address would be
distinctly of a political character, and would
be a keynote speech along the lines of those
he made last week at Cleveland and Columbus.
